ESTES PARK

SOHO VENEER COLLECTION 7665

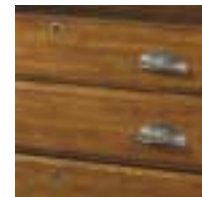

2

Styling - An artful blend of casual lifestyle with upscale nuance, Estes Park provides the perfect mix of style and function. Crafted in our Chestnut Oak finish with hand burnished details, the collection features raised panel-in-frame construction, half-round columns, full return base and crown mouldings, leaded glass and an executive desk with inlaid leather in the top.

Construction - Chassis construction is of oak solids, oak veneers and wood product including solid wood trim. All drawers feature five sided construction of solid wood with dovetail joints for strength and durability. Features throughout the series include felt-lined drawers, drawers with adjustable dividers and locking drawers.

Function - All drawers are suspended on metal, ball-bearing, fully extending slides. Box drawers have a 100 lb. load bearing rating; file drawers have a 150 lb. load bearing rating and keyboards have a 50/75 lb. rating. File drawers are equipped with a metal filing system to accept letter or legal size hanging files. Task lighting is included on overhead units. All cases are equipped with levelers to adjust for less than even flooring. Center drawers are designed to function as a conventional center drawer or as a keyboard drawer. Locking drawers are found through-out the series.

Carefully blending casual lifestyle details with upscale overtones, Estes Park provides the perfect mix of style and function. The collection is crafted from oak solids, oak veneers and select wood products in our Chestnut Oak finish that is highlighted with hand burnished details. Additional details such as raised panel-in-frame sides and fronts, half-round columns, full return base and crown mouldings, leaded glass doors and decorative shell-design drawers pulls ensure a polished look that will complement a variety of environments.
